# Other Books You May Enjoy

If you enjoyed this book, you may be interested in these other books by Packt:

## Python Web Development with Sanic

Adam Hopkins

ISBN: 978-1-80181-441-6

- Understand the difference between WSGI, Async, and ASGI servers
- Discover how Sanic organizes incoming data, why it does it, and how to make the most of it
- Implement best practices for building reliable, performant, and secure web apps
- Explore useful techniques for successfully testing and deploying a Sanic web app

## Becoming an Enterprise Django Developer

Michael Dinder

ISBN: 978-1-80107-363-9

- Create and configure a proof-of-concept Django project on a local machine
- Understand the steps and tools used to scale up a proof-of-concept project to production without going too deep into specific technologies
- Explore core Django components and how to use them in different ways to suit your app's needs
- Find out how Django allows you to build RESTful APIs
- Write and run test cases using the built-in testing tools in Django

## Packt is searching for authors like you

If you're interested in becoming an author for Packt, please visit [authors.packtpub.com](https://authors.packtpub.com) and apply today. We have worked with thousands of developers and tech professionals, just like you, to help them share their insight with the global tech community. You can make a general application, apply for a specific hot topic that we are recruiting an author for, or submit your own idea.

## Share Your Thoughts

Now you've finished *Building Python Web APIs with FastAPI*, we'd love to hear your thoughts! If you purchased the book from Amazon, please [click here](#) to go straight to the Amazon review page for this book and share your feedback or leave a review on the site that you purchased it from.

Your review is important to us and the tech community and will help us make sure we're delivering excellent quality content.
